## HOW AN OFFICIAL CERTIFICATE IS ISSUED

For a real shipment, the exporter provides an application and supporting origin records to the competent Chamber of Commerce. Only that body may issue an official Certificate of Origin in its accepted format. Any preferential origin document is assessed separately.

**Buyer request:** State your destination country and any Certificate of Origin format required by your importer or customs broker.

**No issuing chamber, reference number, signature, stamp or export transaction is represented by this specimen.**

**ILLUSTRATIVE DOCUMENT ONLY - NO OFFICIAL ISSUER, STAMP, SIGNATURE OR TEST RESULTS**
