CERTIFICATION IS DESTINATION-SPECIFIC

Some importing markets may require a health, sanitary, free-sale or other food-related document. The requirement, authority, official wording and evidence depend on the product and destination. A document is issued only through the relevant authority and its procedure; it cannot be pre-issued for a hypothetical shipment.

INFORMATION TYPICALLY REQUESTED BEFORE APPLICATION

Commercial record	Information reviewed
Product identity	Description, intended use, specifications
Production / handling	Relevant mill, establishment and lot records
Transport details	Destination, shipment identifiers and quantity
Supporting paperwork	Commercial invoice, packing list and reports, when applicable

Buyer request: Provide the destination country and the exact certificate name, wording or template requested by your importing authority.
