WEBSITE SPECIMEN / NOT AN ISSUED CERTIFICATE

Phytosanitary Requirements

Buyer-facing specimen for checking whether plant-health certification applies.

SHIPMENT OVERVIEW FOR PRELIMINARY REVIEW

Supplier / VAT	S. D. MELAS TRADING BUSINESS | EL132234268
Exporter address	Zwodoxou Pigis 11, 26331 Patra, Achaia, Greece
Product	Olive oil - processed food commodity, supplied in bulk
Intended use	Food use
Buyer / destination	To be supplied by buyer
Consignment / quantity	To be specified in the agreed shipment records
Phytosanitary certificate status	**NOT ISSUED - requirement not established for this specimen**

PLANT-HEALTH REQUIREMENTS ARE CHECKED BEFORE EXPORT

Phytosanitary certification is not an automatic requirement for every shipment of processed olive oil. Applicability depends on the importing country's official rules, the degree of processing and the commodity's intended use. Where a certificate is genuinely required and available, the exporter follows the competent plant-health authority's prescribed procedure.

BUYER INFORMATION NEEDED

Requirement	Information from importer
Destination	Country and relevant official import conditions
Product use	Food use or any different declared purpose
Official request	A copy/link to the importing authority's requirement
Shipping data	Final lot, net quantity and transport particulars

Buyer request: Send the destination and any official phytosanitary certificate requirement. We can then determine whether such a document is applicable.

Reference for assessment: International Plant Protection Convention (IPPC), ISPM 32 - commodity categorization by processing and intended use.

SAMPLE - NOT
