ILLUSTRATIVE SUPPLIER STATEMENT

Our sourcing programme focuses on Greek olive oil and the current harvest. For an identified lot, a completed quality-and-origin statement must be supported by actual mill or producer traceability records, chemical analysis, sensory assessment and the applicable commercial documents.

Buyer request: Ask for the available lot reference, origin records, laboratory documentation and a final supplier declaration prepared for your confirmed consignment.

Document status: Public website specimen only. This text is not a signed declaration of the origin, category or condition of any specific shipment.
